and picnic area, just up from the boat
rental.

Dear Friend,

You are receiving this invitation because you have attended one of our previous functions, donated to our Foundation, or your name has been given to us as someone who may be interested in learning more about our cause.

This foundation is impassioned by Joe's struggle and his love for life. The family's goal in establishing this foundation is to keep Joe's memory alive by supporting research efforts that may someday soon save a life or lives of others threatened by this dreadful disease. One hundred percent (100%) of this Foundation is supported by volunteers who loved Joe and are passionate about finding a cure for Brain Cancer.

Our upcoming event on September 10, 2016 will be our seventh event since the inception of this Foundation. To date, all net proceeds have been donated to U.C. San Francisco Brain Tumor Research Center where 100% of the funds are specifically dedicated to brain tumor research. As a non-profit comprised wholly of volunteers, be assured that a very small portion of donated funds is required to cover necessary expenses (postage, etc.).

A nonprofit foundation exists for the sake of its mission and to bring about change in individuals and in society. It is therefore important that you know the foundation's mission: **To support research that will generate new knowledge leading to increased rates of survival and improve functional recovery for individuals with brain cancer.**

To provide hope and support for those individuals and families affected by this life threatening disease. Please help us to continue Joe's memory by joining us on September 10, 2016 at the Lafayette Reservoir for a day of fun and remembrance. Proceeds from this event will also be donated to UC San Francisco for brain cancer research. Please help us spread the word by sharing your family and friends contact information to e mail address: info@jfbcf.org

Sincerely,
The Snyder and Ferguson-Harrison Families
